

About our project:

At Christie, Drane & Forwood Family Orthodontics, our passion is creating smiles. Since our office is closed, we have missed everyone's smiling faces. We wanted to see how we can continue bringing smiles to people during this tough time. That's where the spreading smile project started.

What is it?

We will take drawings or inspirational quotes made by our friends, patients, neighbors and family and turn them into lawn signs. We will then place them in areas that will bring smiles to people who need them such as nurses, doctors, the sick or elderly.

How you can help!

1. Create a picture or inspirational quote that makes you happy. Please use a regular size piece of paper (8.5x11). We will then laminate your picture and turn it into a lawn sign!!
2. Let us know the name and address of a person in need of a smile by sending us an email at info@forwoodchristieortho.com

The Details....

Pictures can be dropped off in our spreading smiles project drop box located outside of Christie, Drane, Forwood Family Orthodontics Media office location-1 Chesley Dr Media PA 19063 or Twirl Dance studio 3544 West Chester Pike Newtown Square 19073 (located in the back of the Newtown Square Shopping center behind Manhattan bagel.)

Pictures can also be sent electronically by taking a photo of your artwork and emailing it to us at - info@forwoodchristieortho.com. We will print your picture and turn it into a sign.

Let's start spreading Smiles Together!
